Sir,

With reference to the explanation called for in para 2 of the Proceedings of the Chief Commissioner of Mysore and order thereon dt. 28th May April 1877 I have the honor to state that I regret that I do not feel myself able to explain why Windows of the Moodliar caste should apparently be found to be more willing to serve as Commissioners than other Windows but it would seem to be undoubtedly the case as on enrolling the records of this third class the first establishment of the Municipality in 1862 only three Windows of other than Moodliar caste have served as such Commissioners one being a Chetty, and the other

a Native, all these after serving some little time voluntarily resigned their appointments. I am well aware of the advantages to be secured by having the Composition of the Commission empirically mixed and have on several occasions of vacancies occurring tried to secure the services of gentlemen belonging to some one of the several sections of the Native Community — Among other native gentlemen whom I have solicited from time to time to join the Commission - I may mention the name of Rao Bahadur V. Govindu Chetty, Mr C R A Chumboo Chetty, and Mr P. Ramaya Rao all of whom have expressed to me their inability or disinclination to serve as Commissioners, the truth is, great difficulty has been experienced by me in securing the services of Commissioners of native gentlemen willing and competent to serve on the Board and to perform

I mean by Native a Member of the Native Community and I do not as I have used the term mean to exclude the Europeans

I now under the present pcg
Sue on the Retired Commissioners.
I inclined to believe that the reason
which for the predominence of Woodlands
the Board may be accounted for by
the fact that there are more persons of
this particular class in Bangalore who are
able to devote a portion of their leisure time
to the performance of Municipal duties
without materially interfering with their
primary occupation.
